

REQUIRED PARTS

- A. TUSA TALIS Dive Computer
- B. Replacement Color Side-Bars (blue or pink)
- C. Paperclip or Pick type tool*
- D. 2x #4 jewelers flathead screwdrivers*

*Not included

- 1** Position screwdrivers at both ends of strap screws.

- 2** Remove strap by turning screwdrivers in a counter-clockwise (opposing) direction.

- 3** After 1 screw is removed, use Paperclip (or Pick type tool) to push out pin.

- 4** Push pin through strap to remove.

- 5** After pin is removed, pull strap from case.

- 6** Fit new replacement color side-bars onto case.

Strap Lip

- 7** On assembly, be sure to insert the strap lip below the bezel to ensure a proper fit.

- 8** Tighten both sides of screws in a clockwise (opposing) direction.

- 9** Enjoy TUSA TALIS Dive Computer!
