PRODUCT CATALOG

Welcome To Waterproof.

FREQUENTLY IMITATED - NEVER COPIED

Waterproof's award-winning innovative design, revolutionary features and high-quality now in a Sport Series.

The Sport Series consists of the W30 Fullsuit, W30 Shorty and R30 rashguards.

W30 Features:

- 2.5mm CR neoprene backzip fullsuit with Aquatex
- 3-D anatomical sculpting
- Flatlock stitching
- Embossed shoulder, wrist and seat areas
- Polyurethane kneepads
- Neck Tab with microteeth
- Extra long YKK back zipper
- Optional Tech accessory pocket (sold separately)
- Color: Black

7mm COLOR OPTIONS

Designing a unique wetsuit after the W1 proved to be a challenge, but the result is the full-featured W2 model available in 5mm or 7mm.

The W2 fullsuit can be used in combination with either a hooded icevest, hooded undervest or a separate hood, thus catering to most divers and most situations.

W2 Features:

- 3-D Sculpted Suit - 3-D anatomically designed suit with pre-bent arms, legs and panels for superior fit.
- Dense knitted plush lining that restricts internal waterflow and increases comfort.
- High quality Microcell CR Neoprene for durability and warmth.
- Generous double seals made from glide skin neoprene with zipper at arms and legs.
- SpinePad - 10mm thick and designed for additional protection to the back area.
- Kneepads - 3-D molded vulcanized rubber kneepads with the "hinge effect."
- ZipperSeal - Open cell neoprene on each side of zipper for the ultimate dry seal.
- Wave flex panels in the hollow of arms and legs.
- Back YKK zipper with stretch panels for enhanced flexibility.
- Front gusseted neck zipper for surface comfort.
- Wrist Computer Anti-Slip - Provides an anti-slip section to mount a wrist computer.

Product Details:

FORM MOLDED VELCRO TABS

Quality is in all the details. New molded TPU (eco) teeth, sticks only to the assigned velcro part.

STRETCH PANEL

Form fitting wave flex back panel.

HINGE EFFECT

Kneed pad constructed to follow the leg movements.

A SEAT THAT GRIPS

Polyurethane embossing provides a non-slip grip and abrasion protection.

COMFORT ZIPPER

Fully gusseted "comfort Zipper" to relieve stress on the surface.

3-D SCULPTED SUIT

With pre-bent arms and legs for superior anatomical fit.

BRONZE SLIDER

Provides consistent ease of operation and hard-core durability.

DOUBLE SEALS

Generous double seals made from glide skin neoprene with zipper at arms and legs reduces water exchange.

SPINEPAD

10mm thick and pre-shaped to fit neck area.

KNEEPAD

3-D molded vulcanized rubber kneepads. Note the unique design that enables unrestricted leg movements via the "Hinge effect."

REINFORCED SHOULDERS

Critical area abrasion and anti-slip protection.

EMBOSSSED ELBOW

Embossed elbow protection with Toughtex abrasion resistance.

GENDER SPECIFIC STYLING

Provides comfortable lift and support.

HIGH VISIBILITY

Reflective logo on the sleeve.

Accessories:

W2 OVERVEST

An anatomically designed overvest that combines 5mm of superior grade neoprene with specially woven I-Span lining, matched with the H1 Hood with HAVS technology.

U1 UNDERVEST

An anatomically designed 2mm undervest matched with the H1 hood with HAVS technology. Ideal for an added layer underneath the wetsuit.

**G1 3mm 5-Finger
G1 5mm 5-Finger**

- 3-D shaped
- Glideskin seal
- Pre bent fingers
- Extra long YKK zipper
- Palm Anti-slip grip
- I-Span superstretch nylon
- Bonded Hi-Quality Nylon thread

H1 Hood 3/5mm

- 3-D shaped
- Glideskin seal
- HAV system (double vents)
- I-Span superstretch nylon
- Bonded Hi-Quality Nylon thread

B1 Boots

6.5mm semi-dry boots with an extra long zipper for easy donning. The heels and toes are strengthened and the boot has an angled design for less stress while finning.

The W3 is not an average warm water wetsuit.

When your backyard is the Arctic Circle you know that short cuts do not pay – Waterproof delivers premium design and quality in every suit made from the Arctic capable drysuits to the W1, W2 and to the tropical W3.

The W3 features Waterproof's unique design cues like gender specific fit and sharp Scandinavian styling. Additionally, included are several of the features from our heavier lines like a gusseted neck relief zipper, wrist and ankle seals and 3-D sculpted construction.

W3 Features:

- 3-D Sculpted Suit - 3-D anatomically designed suit with pre-bent arms, legs and panels for superior fit.
- Dense knitted plush lining that restricts internal waterflow and increases comfort.
- High quality Microcell CR Neoprene for durability and warmth.
- Generous double seals made from neoprene with zipper at arms and legs.
- Front gusseted neck zipper for surface comfort.
- Knee Guards - PU embossed.
- ZipperSeal - Open cell neoprene on each side of zipper for the ultimate dry seal.
- Wave flex panels in the back, arms and legs for enhanced flexibility and freedom of movement.
- Back zipper with stretch panels for enhanced flexibility.
- A Seat that Grips – Polyurethane embossing in the back provides a non-slip grip and integrated abrasion protection.
- Embossed elbow protection.
- Back zipper with YKK KA Bronze slider.
- No restraining seams at the arms and legs.

Product Details:

A SEAT THAT GRIPS

Polyurethane embossing provides a non-slip grip and abrasion protection.

DOUBLE SEALS

Wrist and ankle seals to minimize water exchange. YKK high quality zippers on both legs and arms.

NECKTAB

Quality is in all the details. New molded TPU (eco) teeth, sticks only to the assigned velcro part.

PU KNEE GUARD

Polyurethane reinforced knee and shin guards.

REINFORCED SHOULDERS

Critical area abrasion and anti-slip protection.

GENDER SPECIFIC STYLING

Provides comfortable lift and support.

WAVE FLEX PANEL

In hollow of arms and legs for increased flexibility.

3-D SCULPTED SUIT

With pre-bent arms and legs for superior anatomical fit.

- Bonded Hi-Quality Nylon thread

B1 Boots

6.5mm semi-dry boots with an extra long zipper for easy donning.

The heels and toes are strengthened and the boot has an angled design for less stress while finning.

Building on over 25 years of experience in the design and manufacturing of extreme exposure products, Waterproof set out to redefine the wetsuit. Born from this lofty goal was the W1.

Available in 5mm model for both females and males, the suit features a new 3-D anatomical front-zip design, revolutionary HexTex Core Insulation Protection, Neck Water Dam, and several other unique features.

Launched in Europe in Spring 2009, the W1 immediately realized success by winning the red dot design award, and soon after, The Grand Award of Design.

W1 Features:

- Front Zip Design – The W1 is designed with a contoured front YKK #10 zipper to enhance comfort and flexibility.
- 3-D Sculpted Suit - 3-D anatomically designed suit with pre-bent arms, legs and panels for superior fit.
- Dense knitted plush lining that restricts internal waterflow and increases comfort.
- Hi-Dense Microcell CR Neoprene and I-Span outer lining - more stretch and durability without sacrificing thermal properties.
- Water Dam - A high neck seal that prevents waterflow into the suit during neck movement.
- Generous double seals made from glide skin neoprene with zipper at arms and legs.
- Computer Strap Anchor - Provides a secure mounting position for a wrist computer.
- SpinePad - 11mm thick and designed for additional protection to kidney and spine areas.
- Kneepads - 3-D molded vulcanized rubber kneepads with the "hinge effect." Mounted on DuraTex fabric.
- ZipperSeal - Open cell neoprene on each side of zipper for the ultimate dry seal.

Product Details:

WATERDAM
A unique newly designed high neck seal that prevents waterflow into the suit during neck movement.

DOUBLE SEALS
Generous double seals made from glide skin neoprene with zipper at arms and legs reduces water exchange.

SIDE ZIPPER
The opening is positioned at the side of neck to enhance comfort and flexibility for the neck.

3-D SCULPTED SUIT
With pre-bent arms and legs for superior anatomical fit.

EMBOSSSED ELBOW
Embossed elbow protection with Toughtex abrasion resistance.

ZIPPER PULLER
Very good grip, with or without gloves, to open and close the YKK #10 zipper. The flast design makes it disappear when not in use.

MULTI OPTIONAL PLATFORM
A unique gadget that holds Waterproof micro compass.

KNEEPAD
3-D molded vulcanized rubber kneepads. Note the unique design that enables unrestricted leg movements via the "Hinge effect."

NECKTAB HOLDER
A unique holder to open the suit while on the surface or boat.

FORM MOLDED VELCRO TABS
Quality is in all the details. New molded TPU (eco) teeth, sticks only to the assigned velcro area.

GENDER SPECIFIC STYLING
Provides comfortable lift and support.

A SEAT THAT GRIPS
Polyurethane embossing provides a non-slip grip and abrasion protection.

SPINEPAD
10mm thick and pre-shaped to fit neck area.

COMPUTER STRAP ANCHOR
To prevent the computer from slipping off your arm when gloves are removed or suit is compressed. The anti-slip surface makes the computer to stay in place.

ZIPPER SEAL
Open cell and closed cell neoprene on opposite sides of the zipper for the ultimate dry seal.

WAVE FLEX PANEL
In hollow of arms and legs for increased flexibility.

HIGH VISIBILITY
Reflective logo on the sleeve.

B1 Boots

6.5mm semi-dry boots with an extra long zipper for easy donning. The heels and toes are strengthened and the boot has an angled design for less stress while finning.

The SD Combat bridges the gap between a drysuit and a wetsuit. Dry enough to keep the diver warm in colder water, yet still with the snug fit and features of a high-class wetsuit.

A 7mm all black combat style suit with two expandable POWER POCKETS on the thighs, worn by the Swiss Army and the Portuguese Marine forces.

SD Combat Features:

- 7mm high quality Microcell CR Neoprene for durability and warmth.
- Laminated SD ToughTex nylon coating on elbow and knee areas.
- Anatomic Sculpting – with 3-D sculpted arms and legs the SD Combat provides an anatomical fit designed for ease of movement.
- Armored Dry Zipper - A heavy-duty neoprene cover protects the dry zipper from excess wear.
- Generous double seals made from glide skin neoprene with zipper at neck, arms and legs.
- Knee Guards - Anatomically shaped, 3-D knee/shin guards for superior protection.
- Wave flex panels in the hollow of arms and legs for superior mobility.
- Two expandable POWER POCKETS on each leg.
- Seamless design in the crotch area, where wrinkling can cause excessive wear.
- Front gusseted neck zipper for surface comfort.
- Polyurethane reinforced shoulders for superior abrasion resistance.
- Chill Guard - Under the dry zip, it keeps body heat in and also keeps any undergarments out of the zipper.
- H1 HAVS hood (included) features a 5/7mm double layered protection and glide skin seals for the neck and face.
- A Seat that Grips – Polyurethane embossing in the back provides a non-slip grip and integrated abrasion protection.
- Each suit is tested by an overpressure check.

Product Details:

ANATOMICAL SCUPLTING

Pre-bent arms and legs provide a perfect anatomical fit.

HEAVY DUTY DRY ZIPPER

Provides maximum protection for your semi-drysuit.

POWER POCKET

Dual expandable pockets to organize the gear you need.

DOUBLE SEALS

Generous double seals made from glide skin neoprene with zipper at arms and legs reduces water exchange.

KNEE GUARDS

Anatomically shaped, 3-D knee/shin guards for hard-core protection, without compromising comfort and flexibility.

REFLECTOR

High Visibility reflective logo on the sleeve and the neck.

CHILL GUARD

Keeps body heat in and your undergarments out of the zipper for trouble free operation.

A SEAT THAT GRIPS

Polyurethane embossing provides a non-slip grip and abrasion protection.

SHOULDER ARMOR

Padded wear resistant shoulders - finally a suit that can take as much as you can.

TOUGHTEX

The best way to armor your suit.

COMFORT ZIPPER

Fully gusseted "comfort Zipper" to relieve stress on the surface.

INCLUDES H1 HAVS HOOD

A 5/7mm vented I-Span hood is included and fits underneath the warm neck collar. With glide skin seals.

B1 Boots

6.5mm semi-dry boots with an extra long zipper for easy donning. The heels and toes are strengthened and the boot has an angled design for less stress while finning.

Does the “Perfect Drysuit” exist?

Waterproof spent three years analyzing the problem, material sourcing and intense testing to find the answer to the perfect drysuit, the patented D1 Hybrid. The D1 is the world’s first Insulated Constant Volume Drysuit.

D1 Features:

- Insulation - It is all a matter of distance and to keep the insulating air between you and the cold water. The Patented 3-D Mesh Liner works like a thermos. It creates a Constant Insulation Volume, C.I.V., enhancing warmth dramatically.
- Ventilation - The Patented 3-D Mesh Inner Lining provides unrestricted airflow and does not trap air. It makes buoyancy control easy to master and controls the inner climate. After a dive it dries quickly and efficiently.
- Condensation - The 3-D Mesh Inner Lining acts as a one-way vapor barrier, it keeps the moist air away from your body. As a result, you will feel dry and warm. The 3-D Mesh Lining does not absorb any liquid and will stay dry.
- Pressure Distribution - The 3-D Mesh provides real pressure distribution and keeps the distance constant to the outer shell. This virtually eliminates squeeze and cold spots.
- Fixed Lining - The 3-D Lining is fixed to the suit. This design allows for a slimmer fitting suit. No obstacles when donning. No overheating on land. It can be removed for cleaning or maintenance easily.
- Dress code: light - There is no need for heavy undergarments, even in the coldest water since the insulation is built into the D1 suit.

3D Mesh Inner Lining:

- Provides a constant distance to the outer shell
- Resists pressure and squeeze
- Has a soft cushioning effect
- High shock absorption
- Excellent recovery
- Very light weight
- Fantastic forming and contour flow
- Provides unrestricted airflow

Product Details:

ANATOMICAL SCULPTING
All critical parts, like the arms, legs and torso areas have been anatomically designed to ease movement.

WP SILICONE WRIST SEALS
Waterproof's new oval wrist ring quick connector for our silicone wrist seals. The D1 is equipped as standard.

WARM NECK
The unique warm neck solution from Waterproof with water drain valves and molded velcro tabs.

ELASTIC WAIST BAND
Expandable elastic waistband in both front and back.

HEAVY DUTY ZIPPER
Heavy Duty Dry Zipper with cover. Provides maximum protection of your dry zipper

REFLECTOR
High visibility is ensured by the reflective label.

WP SILICONE NECK SEAL
The NeckSeal is fixed to the suit with a unique quick connector neck-ring. Easy to change.

CHILL GUARD
Keeps your body heat in and your undergarment out of the zipper for free operation.

ANATOMICAL KEVLAR REINFORCED BOOT
Angled for the best mix of durability and performance. Molded Fin Strap Anchor.

A SEAT THAT GRIP
Polyurethane embossing provides a non-slip grip and abrasion protection.

WARM NECK VALVE
Drains the neck seal area when you surface.

APP
Advanced Performance Program design.

KEVLAR KNEE PADS
Kevlar Knee Reinforcement made of Schoeller® "Keprotec" Military Grade Kevlar.

DUAL CONVERTIBLE POWER POCKETS
Expandable large capacity power pockets with accessory double D-Rings.

THE 3-D INNER LINING
The integrated patented 3-D Mesh Inner Lining includes suspenders.

MOLDED VELCRO TABS
TPU (eco) tabs with molded velcro hooks, stick only to the assigned Velcro part.

INCLUDES H1 HAVS HOOD
A 5/7mm vented I-Span hood is included and fits underneath the warm neck collar. With glide skin seals.

INCLUDES DRY BAG
A Waterproof 1000 CORDURA bag is also supplied as standard, which can be carried as a backpack.

INCLUDES SPARE SILICONE SEALS
One spare silicone wrist seal and one silicone neck seal is included with the suit.

The D7 PRO ISS Cordura is a blend of technical fabric, features, style and versatility. Ready to take the punishment and demands of a Technical diver, yet fully featured and designed for any diver who appreciates quality, style and performance.

D7 PRO Features:

- Front entry, trilaminate design for easy self-donning and superior performance.
- CORDURA® Fabric - The outer shell is made out of Cordura® providing exceptional abrasion and tear resistance.
- ISS – Integrated Silicone Seals and Oval Quick Cuff System.
- Adjustable torso system with suspenders.
- Warm Neck Valve – An improved warm neck design with the addition of a double valve for better draining.
- Two expandable POWER POCKETS on each leg.
- Kevlar Knee Pads - Schoeller Kevlar Knee Reinforcement made of Schoeller® "Keprotect" Military Grade Kevlar.
- Seamless design in the under arm and crotch area, where wrinkling can cause excessive wear.
- Armored Dry Zipper - A heavy-duty zippered Cordura cover protects the self-entry dry zipper.
- Chill Guard - Under the dry zip, it keeps body heat in and also keeps your undergarments out of the zipper.
- H1 HAVS hood (included) features a 7mm double layered protection and glide skin seals for the neck and face.
- Kevlar anatomically cut boots to minimize ankle/calf stress and ensure ultimate strength and flexibility.
- A Seat that Grips – Polyurethane embossing in the back provides a non-slip grip and integrated abrasion protection.
- Form Molded Velcro Tabs.
- Each suit is tested by an overpressure check.
- A Waterproof 1000 CORDURA drybag is standard.
- SI-TECH Valves - swivelling inlet valve and adjustable automatic outlet valve.

MOLDED VELCRO TABS
TPU (eco) tabs with molded velcro hooks, stick only to the assigned Velcro part.

ANATOMICAL KEVLAR REINFORCED BOOT
Angled for the best mix of durability and performance. Molded Fin Strap Anchor.

TELESCOPING TORSO
Suspenders and the adjustable torso system allows the diver to fit the suit to his preference.

APP
Advanced Performance Program design.

INCLUDES H1 HAVS HOOD
A 5/7mm vented I-Span hood is included and fits underneath the warm neck collar. With glide skin seals.

HEAVY DUTY ZIPPER
Heavy Duty Zipper with cover. Provides maximum protection of your dry zipper

DUAL CONVERTIBLE POWER POCKETS
Expandable large capacity power pockets with accessory double D-Rings.

REFLECTOR
High visibility is ensured by the reflective label.

INCLUDES DRY BAG
A Waterproof 1000 CORDURA bag is also supplied as standard, which can be carried as a backpack.

U.S. ITEM #	
MALE	WP-D7M-ISS

AVAILABLE SIZES	
MALE	
STANDARD	S, M, ML, L, XL, 2XL

Accessories:

H1 Hood 3/5, 5/7, 5/10mm

- 3-D shaped
- Glideskin seal
- HAVS system
- I-Span superstretch nylon
- Bonded Hi-Quality Nylon thread

H1 Icehood 2mm

A One Size Fits All stretchy "over-hood" that covers all exposed skin. Holes for mask and regulator can be trimmed. Also provides excellent protection against Jellyfish in infested waters.

**G1 5mm 3-/5-Finger
G1 7mm 5-Finger Semidry**

- 3-D shaped
- Glideskin seal
- Pre bent fingers
- Extra long YKK zipper
- Palm Anti-slip grip
- I-Span superstretch nylon
- Bonded Hi-Quality Nylon thread

WP Silicone Seals

- 100 % UV and Ozone resistant
- Extremely stretchable
- Enhanced durability
- No latex allergy
- No maintenance
- Easy donning and doffing
- Extremely fast mounting
- Permanent Interior Glide Coating
- Safety Ridge
- Fits SI-Tech, Polar Bear and Viking ring systems

BodyTec Undergarment

- 280g polyester/spandex
- 2 piece set
- Storage bag

WarmTec / WarmTec HD

- 200g or HD 300g
- Elasticized waist
- Mesh shoulders
- Integrated hood
- Ventilation zippers
- Teflon coated zippers

Throughout our 25+ years of Arctic diving, we have found nothing that can match the 3.5mm Special Hi-Dense SD Toughtex neoprene we use for the D10 PRO drysuit. It's plain Tough!

D10 PRO Features:

- Laminated SD Toughtex nylon coating on 3.5 mm special Hi-Dense neoprene.
- Anatomic Sculpting – with 3-D sculpted arms and legs the D10 PRO provides an anatomical fit designed for ease of movement.
- ISS Model – Integrated Silicone Seals and Quick Cuff System available in Male and Female sizes.
- Latex Model – Standard latex seals available in Male and Female sizes.
- Knee Guards - Anatomically shaped, 3-D knee/shin guards for superior protection.
- Warm Neck Valve – An improved warm neck design with the addition of a double valve for better draining.
- Two expandable POWER POCKETS on each leg.
- Seamless design in the under arm and crotch area, where wrinkling can cause excessive wear.
- Crotch panel in heavy-duty Cordura.
- Armored Dry Zipper - A heavy-duty zippered Cordura cover protects the self-entry dry zipper.
- Chill Guard - Under the dry zip, it keeps body heat in and also keeps your undergarments out of the zipper.
- H1 HAVS hood (included) features a 7mm double layered protection and glide skin seals for the neck and face.
- Kevlar anatomically cut boots to minimize ankle/calf stress and ensure ultimate strength and flexibility.
- A Seat that Grips – Polyurethane embossing in the back provides a non-slip grip and integrated abrasion protection.
- Form Molded Velcro Tabs.
- Each suit is tested by an overpressure check.
- A Waterproof 1000 CORDURA bag is standard.
- SI-TECH Valves - swivelling inlet valve and adjustable automatic outlet valve.

Product Details:

ANATOMICAL SCULPTING
Pre-bent arms and legs provide a perfect anatomical fit.

WP SILICONE WRIST SEALS
Waterproof's new oval wrist ring quick connector for our silicone wrist seals. (D1 Hybrid Shown)

WP SILICONE NECK SEAL
The NeckSeal is fixed to the suit with a unique quick connector neck-ring. Easy to change. (D1 Hybrid Shown)

SHOULDER ARMOR
Padded wear resistant shoulders - finally a suit that can take as much as you can.

HEAVY DUTY ZIPPERED COVER
Provides maximum protection of your dry zipper

REFLECTOR
High visibility is ensured by the reflective label.

CHILL GUARD
Keeps your body heat in and your undergarment out of the zipper for free operation.

MOLDED VELCRO TABS
TPU (eco) tabs with molded velcro hooks, stick only to the assigned Velcro part.

ANATOMICAL KEVLAR REINFORCED BOOT
Angled for the best mix of durability and performance. Molded Fin Strap Anchor.

A SEAT THAT GRIP
Polyurethane embossing provides a non-slip grip and abrasion protection.

WARM NECK VALVE
Drains the neck seal area when you surface.

INCLUDES H1 HAVS HOOD
A 5/7mm vented I-Span hood is included and fits underneath the warm neck collar. With glide skin seals.

KNEE GUARDS
Anatomically shaped, 3-D knee/shin guards for hard-core protection, without compromising comfort and flexibility.

POWER POCKETS
Dual expandable pockets to organize the gear you need.

TOUGHTEX
The best way to armor your suit.

INCLUDES DRY BAG
A Waterproof 1000 CORDURA bag is also supplied as standard, which can be carried as a backpack.

G1 Features:

An innovative glove collection with new materials and technical features that set it apart from the competition. Building on over 25 years of experience in the design and manufacturing of extreme exposure products, Waterproof set out to redefine the future of gloves.

The body reacts to cold and heat by adjusting the blood stream to the external parts of the body, like hands, fingers and feet. "White Fingers" is a common condition and a proof for this ability to direct the blood flow. If you add restriction and squeeze into the equation those conditions can be worsened. Waterproof's G1 Glove series is constructed with all that in mind. Better fit, enhanced dexterity, less restriction and squeeze.

ANTI-SLIP GRIP

Polyurethane embossing provides a non-slip grip and abrasion protection.

GLOVE GRIP TAB

Good grip at the right place. A perfect help when putting on the second glove.

ID-PLATE

Stylish place to put your name. Easy to recognize your gloves.

G1 7mm 3-Finger Semi-Dry

Our pressure tested 7mm Semi-Dry Polar Evolved Glove features a 3mm internal seal to keep your hands dry and warm.

- 3-D shaped
- Pre bent fingers
- Glideskin seal
- Extra long YKK zipper
- Anti-slip grip
- I-Span super stretch nylon
- Bonded Hi-Quality Nylon thread
- Reflective logo
- ID-Plate

G1 5mm 3-Finger

This is the 5mm 3-finger version of the Semi-Dry glove from Waterproof.

- 3-D shaped
- Pre bent fingers
- Glideskin seal
- Extra long YKK zipper
- Anti-slip grip
- I-Span super stretch nylon
- Bonded Hi-Quality Nylon thread
- Reflective logo
- ID-Plate

G1 3mm/5mm 5-Finger

This stylish glove features a glide skin interior and a long zipper for easy donning. Available in 3mm and 5mm versions.

- 3-D shaped
- Pre bent fingers
- Glideskin seal
- Extra long YKK zipper
- Anti-slip grip
- I-Span super stretch nylon
- Bonded Hi-Quality Nylon thread
- Reflective logo
- ID-Plate

G1 1.5mm 5-Finger

Stretch neoprene with wave flex panels and Amara leather palm.

- 3-D shaped
- Velcro closing
- Anti-slip dig
- I-Span super stretch nylon
- Bonded Hi-Quality Nylon thread

U.S. Item #	WP-G1-73

U.S. Item #	WP-G1-1.5
Sizes	XS, S, M, L, XL, 2XL

H1 Features:

The body reacts to cold and heat by adjusting the blood stream to different parts of the body, like hands, fingers and feet. But the body can not adjust the blood flow to your head. This is to ensure brain function at all times. The colder it gets, the more heat you lose from the head by radiation, or by conduction in the water. You stay warmer with an effective hood.

Waterproof H1 hoods including the unique HAVS (Hood Air Venting System) are constructed with these scientific facts in mind and are proven to keep you warmer when you need it most. That is what we refer to as "Facing Reality."

H1 5/10mm Polar Evolved

An extra warm hood developed for the polar regions. Still extremely comfortable because of the flexible 5mm neoprene around the neck.

- 3-D shaped anatomical design
- Glideskin seal
- HAVS system (double vents)
- I-Span superstretch nylon
- Bonded Hi-Quality Nylon thread
- Reflective logo

U.S. Item #	WP-H1-5/10HAV
Sizes	XS, S, M, L, XL, 2XL

H1 3/5mm & 5/7mm with BIB

- 3-D shaped anatomical design
- Glideskin seal in 3mm or 5mm
- HAVS system (double vents)
- I-Span superstretch nylon
- Bonded Hi-Quality Nylon thread
- Reflective logo

U.S. Item #	WP-H1-3/5HAV (3/5mm)
	WP-H1-5/7HAV (5/7mm)
Sizes	XS, S, M, L, XL, 2XL

H1 3/5 & 5/7mm without BIB

- 3-D shaped anatomical design
- Glideskin seal in 3mm or 5mm
- HAVS system (double vents)
- I-Span superstretch nylon
- Bonded Hi-Quality Nylon thread
- Reflective logo

U.S. Item #	WP-H1-3/5 (3/5mm)
	WP-H1-5/7 (5/7mm)
Sizes	XS, S, M, L, XL, 2XL

H1 ICE HOOD

A 2mm one size fits all "ice-hood" that covers all exposed skin. Holes for mask and regulator can be trimmed as required. Also provides excellent protection against Jellyfish in infested waters.

U.S. Item #	WP-H1ICE
Sizes	One Size Fits All

B1 Features:

Keeping your feet protected from cold is essential for overall warmth, your mother told you so didn't she? Waterproof keeps Mom and your feet happy by offering a boot range that is built for extreme conditions.

BOOT GRIP TAB

Good grip at the right place. A perfect help when donning the boots.

ID-PLATE

Convenient and stylish place to personalize your boots.

B1 6.5mm Semi-Dry

Tough 6.5mm semi-dry boot with an extra long zipper for easy donning. The heels and toes are strengthened and the boot has an angled design for less stress while finning.

- Angled footbed for less strain
- 3-D shaped
- 6.5mm Neoprene
- Fin strap ridge
- Glideskin seal
- Extra long YKK Vislon zipper
- Zipper, gusset and waterproofed
- Rubber caps at heels and toes
- HexTex Inner lining
- Boot Grip Tab for easy donning
- Bonded Hi-Q Nylon thread
- ID-Plate
- Zipper pull tab

U.S. Item #	WP-B1
Sizes	2XS, XS, S, M, ML, L, XL, 2XL

B2 6.5mm Basic

- 6.5 mm Neoprene
- Zipper, underlaid with neoprene to minimize water exchange.
- Stitched-on seal cuff for semi-dry effect.
- Strengthened with rubber at toes and heels.
- Flexible profile sole

U.S. Item #	WP-B2
Sizes	2XS, XS, S, M, ML, L, XL, 2XL

B1 1.5mm Socks

Our neoprene socks are ideal for snorkeling and to protect your feet against abrasion. The extra long design makes them easy to don and doff.

U.S. Item #	WP-B1SOCK
Sizes	XS, S, M, ML, L, XL

U1 UNDERVEST

U1 Features:

Waterproof coupled an anatomically sculpted 2mm under vest to our trend setting next generation H1 3/5mm hood with HAVS technology.

Ideal for added warmth under the W1, W2 or W3 fullsuits.

U1 2/5mm Hooded Vest - MALE

U.S. Item #	WP-U12M
Sizes	XS, S, M, ML, L, XL, 2XL, 3XL+

U1 2/5mm Hooded Vest - FEMALE

U.S. Item #	WP-U12F
Sizes	XS, S, M, ML, L, XL, 2XL

W2 Features:

A vest that combines 5mm of superior grade neoprene with our special knitted I-Span lining and featuring the H1 3/5mm HAVS hood technology.

This front zip vest is designed to blend and compliment our W1, W2, W3 and W30 wetsuits or can be used as a separate shorty.

W2 5mm Hooded Overvest - MALE

U.S. Item #	WP-W2ICE5M	
Sizes	STANDARD	XS, S, M, ML, L, XL, 2XL
	TALL	ST, MT, MLT, LT, XLT, 2XLT
	PLUS	M+, L+, 3XLT+

W2 5mm Hooded Overvest - FEMALE

U.S. Item #	WP-W2ICE5F	
Sizes	STANDARD	XS, S, M, ML, L, XL, 2XL
	TALL	MT, MLT, LT
	PLUS	M+, L+

Undergarments

WARMTEC Features:

Our form fitting legs, waist and vented shoulders provide rapid response air exchange to accommodate the most demanding drysuit dives.

Our compressible fiber fill material also minimizes the space required for transport making this undergarment/surface wear an all around top performer for discriminating divers. Waterproof nylon shell with 200gr fiberfill. Also available in HD with 300gr fill.

WARMTEC 200g / WARMTEC HD 300g

- Durable water & wind resistant outer shell
- Compressible fiber technology
- Zippered "snug fit" legs to prevent air shifts
- Elasticized waist for tight form fit.
- Mesh shoulders to prevent air trapping.
- Integrated hood for cold surface intervals.
- Ventilation zippers in the arm pits.
- Teflon coated zippers close 4 convenient pockets.
- Compression storage bag for streamlined packing.
- Shell fabric: 100% Nylon Taffeta 210T PU silver coating, 70g in weight.
- Padding: 200g or 300g Soft polyester fiber with scald surface.
- 200g temperature range: 45-65°F
- 300g (HD) temperature range: Less than 50°F

U.S. Item #	200g	WP-WARMTEC
	300g (HD)	WP-WARMTECHD
Sizes	XS, S, M, ML, L, XL, 2XL, 3XL	

BODYTEC Features:

Our BodyTec set is perfect for use as surface wear or sleepwear at the base camp and underwater thermal protection when diving. The BodyTec provides excellent layering technology for the most demanding environments. Available separately as a top and pants for sizing flexibility.

BODYTEC

- 260g polyester/spandex fleece keeps you warm even when wet.
- Single layer (260g) and Double Layer (260gx2) options.
- Available as separate top and pants for sizing flexibility.
- Extended tail on the shirt prevents "ride up" during the dive
- Equipped with thumb and foot loops and draw string waist.
- 260g recommended for 50°F+, 260gx2 for 40°F+.
- Ideal for use with the D1 Hybrid drysuit.
- 90% Polyester, 10% Spandex

U.S. Item #	SINGLE-TOP 260g	WP-BODYTEC-T
	SINGLE-PANT 260g	WP-BODYTEC-P
	DOUBLE-TOP 260g	WP-BODYTEC2-T
	DOUBLE-PANT 260g	WP-BODYTEC2-P
Sizes	XS, S, M, L, XL, 2XL, 3XL	

SILICONE SEAL Features:

Latex seals have been one of the most problematic items on a drysuit. You never know the condition of them until you open your dive bag. Not only are they easy to rip but they quickly break down from environmental factors such as UV rays, chemicals and more. Additionally, up to 17% of divers suffer from latex allergies. Waterproof's Silicone Seals have set a new industry standard.

Constructed of hypoallergenic medical grade silicone, Waterproof's seals have 40% more stretch, superior tear resistance, and offer enhanced comfort compared to latex. The seals also eliminate the need for talc or powder and divers with latex allergies can dive carefree knowing they are non-allergenic. The seals are highly durable and resistant to degradation by UV light, ozone or chemicals.

- Hypoallergenic medical grade silicone - no latex allergy
- 40% more stretch than latex seals
- Extreme durability – 100% UV, Ozone resistance
- Superior Tear Resistance
- Ease of Donning/Doffing – no talc or powder necessary
- Easy replacement as required
- Fits glove rings
- Extremely fast mounting
- Interior Glide coating
- Can be trimmed as required

WP SILICONE NECK SEAL

- Fits WP / SI TECH / Polar Bear Systems
- Color: Black, Blue, Orange

U.S. Item #	Black	WP-NECKSEAL-BK
	Blue	WP-NECKSEAL-BL
	Orange	WP-NECKSEAL-OR
Sizes	One Size Fits All	

WP SILICONE WRIST SEAL

- Fits WP / SI TECH / Polar Bear / Viking Ring Systems
- Sold as 1 Pair
- Color: Black, Blue, Orange

U.S. Item #	Black	WP-SILSEAL-M-BK
	Blue	WP-SILSEAL-M-BL
	Orange	WP-SILSEAL-M-OR
Sizes	One Size Fits All	

WRIST SEAL RING KIT

- Includes wrist ring and seal ring (Round or Oval)
- Oval is standard on D1/D7/D10
- Sold as 1 Pair

U.S. Item #	Round	WP-SITECHWRIST
	Oval	WP-OVALWRIST

NECK SEAL INSTALLATION KIT

- Includes neck ring, spanner ring and spanner ring tool

U.S. Item #	WP-SITECHNECK
--------------------	---------------

DRY GLOVE + ANTARES KIT FOR ISS

- WP dry gloves and liner
- Antares oval stiff, glove/spanner rings
- For use with ISS suits with oval rings
- Sold as L/R set

U.S. Item #	WP-DRYGLOVE-KIT
Sizes	S, M, L, XL, 2XL
